## TECHNICAL SKILLS

HTML

CSS

JavaScript

React

Python

TensorFlow

Java

MySQL

SOFT SKILLS

- Problem Solving & Analytical Thinking
- Team Collaboration
- Time Management
- Continuous Learning
- Adaptability

INTERESTS

- Web & Full-Stack Development
- Data Analysis & Visualization
- Cybersecurity & Ethical Hacking
- Machine Learning & AI

Professional Summary

Highly motivated Computer Science student with hands-on experience in data analysis, web development, and cybersecurity. Skilled in designing and deploying web applications, analyzing data for actionable insights, and implementing secure coding practices. Strong problem-solving abilities with a passion for building efficient, scalable, and secure solutions.

Education

Bachelor of Computer Science

Sukkur IBA University | Expected Graduation: 2027

Projects

Smart Exam Prep

A complete exam preparation platform designed to help students organize and improve their study workflow.

View on GitHub

Prepioneer Demo

Web-based preparation application deployed as a live demo for real-world exposure.

 View on GitHub

Next.js Boilerplate

Reusable boilerplate for Next.js projects with clean and scalable project structure.

Coursework & Certifications

▹ Data Structures & Algorithms

▹ Web Development (HTML, CSS, JavaScript, React)

▹ Database Management & SQL

▹ Data Analysis & Machine Learning Fundamentals

▹ Cybersecurity & Ethical Hacking

▹ TensorFlow & AI Basics

Achievements

▹ Developed multiple full-stack projects hosted on GitHub.

▹ Deployed Prepioneer demo as a live project with domain hosting.

▹ Completed advanced data analysis, web development, and cybersecurity courses.
